Rachael Wilcock and Jessica McCauley will take on co-captaincy positions with both Ellie Stanley and Krystle Edwards taking on co-vice captaincy roles.

Connie Wong, Hong Kong's National Coach stated that "The selections was a tough decision which is a credit to all the players involved. We believe that we have selected a team that will give us versatility and the right balance to counter the tough conditions at Asians. For a week long tournament such as the Asian Netball Championships, factors such as the make-up and balance of the team, combinations, position versatility and what each player can contribute to the team were taken into account."

The 2014 Mission Foods Asian Netball Championships will have twelve countries participating and will be played at the newly built Sports Hub OCBC Arena. Hong Kong is currently ranked 4th in Asia. "We aim to finish top of the pool to go through to the trophy group which is the group for World Cup qualifiers" said Connie. "The top two teams will play for the Championship Trophy and also qualify for the World Cup in Sydney 2015."
