### **Basis for Opinion**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. We are independent of the Association in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

ACCOUNTING POLICIES AND EXPLANATORY NOTES  
TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

**1. GENERAL**

The Association is a private limited company with limited by guarantee incorporated in Hong Kong and is engaged in promotion of the netball games and competitions within or outside Hong Kong.

The addresses of the registered office and principal place of business of the Association are Room 1016, Olympic House, 1 Stadium Path, So Kon Po, Causeway Bay, Hong Kong.

**2. BASIS OF PREPARATION AND ACCOUNTING POLICIES**

The financial statements have been prepared in accordance with the Hong Kong Financial Reporting Standard for Private Entities (HKFRS-PE) issued by the Hong Kong Institute of Certified Public Accountants and the requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention.

(a) Inventories

Inventories are stated at the lower of cost and selling price less costs to complete and sell. Cost is calculated using the first-in, first-out (FIFO) method. At each reporting date, inventories are assessed for impairment and the carrying amount is reduced to its selling price less costs to complete and sell with the impairment loss recognized immediately in profit or loss.

(b) Accounts receivables

Accounts receivables are recognized initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Association will not be able to collect all amounts due according to the original terms of the receivables.

(c) Accounts and other payable

Accounts and other payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

**2. BASIS OF PREPARATION AND ACCOUNTING POLICIES (Continued)**

(d) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of income and retained earnings because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Association's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all temporary differences. Deferred tax assets are generally recognized for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The net carry amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Association's expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. However, the measurement of deferred tax liabilities associated with an investment property measured at fair value does not exceed the amount of tax that would be payable on its sale to an unrelated market participant at fair value at the reporting date. Deferred tax is recognized in profit or loss, except when it relates to items that are recognized in other comprehensive income or directly in equity, in which case the deferred tax is also recognized in other comprehensive income or directly in equity respectively

(e) Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less.

(f) Employee benefit obligations

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(g) Revenue recognition

(i) Sales

Sales of goods are recognized when the Association has delivered products to the customers, the customer has accepted the products and collectability of the related receivables is reasonably assured.

(ii) Membership fee

Membership fee is recognised as revenue on cash basis.

(iii) Government subventions

Government subventions are recognized in the statement of financial position initially when there is reasonable assurance that they will be received and that the Association will comply with the conditions attaching to them. Grants that compensate the Association for expenses incurred are recognised as revenue in profit or loss on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the Association for the cost of an asset are deducted in arriving at the carrying amount of the asset and consequently are recognised in profit or loss over the useful life of the asset.

(iv) Activities income
